

STAYING SAFE ON PENSACOLA ROADS

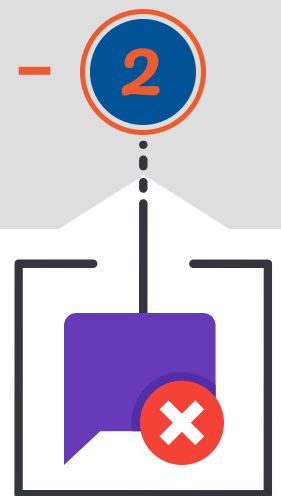

1 ———— Obey the Speed Limit

Speed limits are posted because they are considered to be the safest top speeds for those particular stretches. Stick to the limit and drive more slowly when the road conditions call for it.

Stay Focused ———— 2

Distracted driving is such a problem in the country that it has surpassed impaired driving as a top reason for accidents. When you are behind the wheel, your only job is to drive the vehicle safely.

3 ———— Stay Sober

Impaired driving is always dangerous. Drinking or taking drugs prior to getting behind the wheel puts you and everyone else at risk. If you have a few drinks, find another ride home. It is really that simple.

Fast Facts

- There were 395,785 crashes in Florida in 2016.
- 254,155 people were injured in these crashes.
- 3,176 people lost their lives in these accidents.
